### **ACQUISITION OF United Group Limited**

*Leading Service Companies Collaborate to Provide Canadian Lighting Maintenance Programs after Business Model Transition*

**Richmond Hill, Ontario, October 17, 2011** – ENERGY NETWORK SERVICES INC. (ENS) announces today that it has acquired the Unicco Lighting Service, the Canadian division of United Group Limited (UGL). This new division of ENS is now known as Unique Lighting Services Inc. (ULS), which operates the maintenance services for a number of national clients. As part of the transition a number of UGL employees were retained under ULS. In addition, ULS will be maintaining a number of national accounts previously serviced by UGL. ULS continues to provide seamless transfer of lighting maintenance to national accounts serviced by UGL. This acquisition has widened the base of national accounts and facilities across Canada for ENS.

#### **About Energy Network Services Inc.**

Founded in 1992, Energy Network Services is a well-known and respected energy management company, specializing in energy efficient lighting and lighting maintenance projects. ENS leads in the provision of innovative and cost-effective services for improving energy performance for commercial, industrial, and institutional facilities in the private and public sectors. Their expertise extends to all stages of an energy management project; planning, implementation, financing, and monitoring. For more information, visit <http://www.ensinc.ca/>.

#### **About United Group Limited**

UGL Unicco, a premier provider of outsourced facilities services, is a subsidiary of United Group Limited (ASX: UGL) and part of United Group Services, a \$1.1B division of United Group Limited that provides Corporate Real Estate and Facility Solutions around the world.

UGL Unicco has more than 18,000 employees in North America and offers facilities maintenance, operations, cleaning and administrative/office services for corporate and multi-tenant office, education, retail, government and public venue facilities, as well as plant services in support of industrial operations. The company maintains an industry-leading 95% customer retention rate and is committed to green services through its award-winning UNICCO GreenClean® program ([www.greencleaning.com](http://www.greencleaning.com)) that defines best practices, fosters collaboration with leading edge partners and includes customer awareness programs. For further information, call 888-751-9100 or visit [www.UGL-Unicco.com](http://www.UGL-Unicco.com).
